### DIFFERENCE OF AN "S."

Causes Inconvenience and Loss To  
Highland Teacher.

Someone mixed Highland, N. Y., with Highlands, N. J., and out of it grows a suit against the Central Railway of New Jersey by Miss Florence Livingston, teacher in the Highland High School, for \$175, which will come before the May term of supreme court in this city.

Miss Livingston, it appears, returning from a trip to New York went by mistake, to the station of the Jersey Central road instead of that of the West Shore and asked for a ticket to Highland. The agent, thinking of course, she meant Highlands, on his road, sold her a ticket to that place and she had her baggage checked also. When she discovered her error she recalled the baggage and when it came back she alleges the contents were missing.

## GIVES SLACKERS ONE MORE CHANCE

A last opportunity for selective service law evaders to escape broad publication of their names as deserters during the war was given at Washington Friday by Adjutant General Harris of the army.

Persons who have reason to believe they will be charged with evading the draft but who did not actually do so the adjutant general announced, may escape the odium of being publicly branded as a deserter unjustly by communicating all the facts of the case to him without delay.

The final check of the draft-evader lists is now being completed by former members of local draft boards. By the end of the month the war department expects to begin making the lists public through the newspapers and by furnishing copies to city, state and federal police, detective agencies, the American Legion and other patriotic societies. In addition, Secretary of War Weeks will ask Congress when it reconvenes to provide funds to enable the war department to pay a reward of \$50 to any person who delivers to the military authorities a deserter from the draft. Funds on hand now do not permit paying the full reward.

The department's list of draft-evaders which was originally reported to the provost marshal general, numbered nearly 400,000 names has been reduced by careful checking and by the apprehension of evaders to approximately 150,000 names. The final lists by draft districts are now being tabulated by the adjutant general's office.

Of the nearly half a million names originally compiled, it was later found that more than 171,000 had actually served honorably in the armed forces of this country or the allies. By July 15, 1919, nearly 164,000 of those on the original list had been apprehended by the military or civil authorities leaving an actual balance on that date of about 174,000 names. Since then approximately 12,000 more names have been eliminated on the basis of information obtained from various sources and the careful checking of official war service records.

As a last check to prevent as far as possible branding innocent men as deserters, the department had the lists carefully checked by local board members, the adjutant general's of the states and officials of the navy and marine corps. The reports are finally checked at these sources are now being prepared for publication in the final lists.

### CHOICE RECIPES.

Dishes considered very choice in some families are not at all appreciated in others so in every list of recipes there may be some not liked, but one is indeed hard to suit if none can be found.

Chicken With Oysters.—Prepare and disjoint a nice fat chicken, put it into a saucepan, cover with water, season lightly with salt and pepper and stew until it begins to get tender. Line the sides of a deep baking dish with a crust. Remove the bones from the largest pieces and place the meat in pieces of butter; repeat with another layer of chicken. Pour in half the broth from the chicken and some oyster liquor. Cover with a top crust and bake.

Chicken Baked in Milk.—Cut up a year-old hen in pieces as for frying, season well, and brown in a little hot butter or fat; roll in flour and lay in a baking dish; cover with milk and bake in a moderate oven until the chicken is tender and the milk cooked down thick enough for a gravy to serve poured over the chicken.

French Onions.—Prepare and cook green onions in the desired quantity. Toast rounds of bread, butter liberally, cover with onions which have been sautéed and sprinkled with paprika. Grate over them some snappy cheese set in the oven to melt the cheese and just before sending to the table pour a tablespoonful of hot cream over each.

Chicken Baked in Milk.—Cut up a year-old hen in pieces as for frying, season well, and brown in a little hot butter or fat; roll in flour and lay in a baking dish; cover with milk and bake in a moderate oven until the chicken is tender and the milk cooked down thick enough for a gravy to serve poured over the chicken.

French Onions.—Prepare and cook green onions in the desired quantity. Toast rounds of bread, butter liberally, cover with onions which have been sautéed and sprinkled with paprika. Grate over them some snappy cheese set in the oven to melt the cheese and just before sending to the table pour a tablespoonful of hot cream over each.

Chicken With Oysters.—Prepare and disjoint a nice fat chicken, put it into a saucepan, cover with water, season lightly with salt and pepper and stew until it begins to get tender. Line the sides of a deep baking dish with a crust. Remove the bones from the largest pieces and place the meat in pieces of butter; repeat with another layer of chicken. Pour in half the broth from the chicken and some oyster liquor. Cover with a top crust and bake.

## The Story of Our States

By JONATHAN BRACE

XII. NORTH CAROLINA

THE CAPITAL of North Carolina is very appropriately named Raleigh, for it was Sir Walter Raleigh who was responsible for North Carolina's first settlement. It was in 1584 that Raleigh obtained permission from Queen Elizabeth to plant an English colony in America, and the expeditions which he sent established a little colony on Roanoke Island. There in 1587 was born the first American child of English parents. She was named Virginia Dare, after the virgin queen. This colony, due to England's war with Spain, could not be properly supported, and after a few years perished. It was not until over a century later that permanent settlements were made. During pioneers from Virginia pressed south into the new territory, and these, augmented by a large company of Huguenots from France and a greater number of Germans from the Palatinate, founded the first North Carolina town of Newburn in 1710. By the time of the Revolution the population in North Carolina had increased to such an extent, with an influx of Scotch-Irish and Scotch Highlanders who settled chiefly in the western counties, that it ranked fourth among the original thirteen colonies. Today its population entitles it to twelve electoral votes for president. In area it stands about half way among the states with 52,420 square miles. North Carolina was the twelfth state to adopt the Constitution, the formal ratification taking place in November, 1789. The derivation of the name Carolina, as in the case of South Carolina, came from the Latin Carolus, meaning Charles, and was given originally in honor of King Charles IX of France and retained by King Charles II of England. North Carolina is also known as the Old North State.

SPECIALTIES FOR  
BENEDICTINE BALL

A program of music and aesthetic dancing will be given at the Benedictine ball and promises to be a delightful feature of the evening. The committee has been most happy in their selection of entertainers and will have on the program the Kingston Male Quartet, the Misses Cashin, the "Danceous," orchestral selections, with W. Whiting Frederburgh as their director and accompanist. It is forecast that the Kingston Male Quartet will be enthusiastically received and that a large attendance of music lovers will be at the ball. The graceful dancing of the Misses Cashin has placed them foremost among Kingston's best "danceous," and their conception of the numbers on the program is a

program in a fascinating manner of interpretative dancing. The program will be found in The Freeman later. Mrs. Frank Meagher and her committee on decorations are facing a problem in making the interior of the Armory attractive. In some way known only to themselves it will be done and on the night of the dance the big hall with its bare walls will be transformed into a scene of festive beauty. Assisting Mrs. Meagher are Mrs. Edmund Tremper, Mrs. Andrew Cook, Mrs. Ira Low, Mrs. F. Meinhart, Mrs. B. DeLaney, Miss Anna O'Meara, E. Fitzgerald, C. J. Dixon, M. F. Bence and J. C. Mullen.

## PROGRAM FOR PURIM.

Hebrew School Pupils Will Give An Entertainment.

Purim, which occurs in the Hebrew month of Adar, is a holiday of immense joy and delight to the Jewish people, for it commemorates their deliverance from extermination at the hands of the Persians

during the reign of the great king, Ahasuerus—evidently the historical Xerxes. According to ancient Hebrew tradition, playlets and entertainments are in custom during this holiday, and in the upsurge of this custom, the students of the local Hebrew school will stingly celebrate by a fine entertainment to be held this coming Sunday, March 27, at 7:30 p. m.

An attractive program which includes songs, verses in English and Hebrew and a playlet has been arranged. In addition, a well-known student of the Jewish Theological Institute of New York, will deliver an address. Tickets are being sold now, the price of which is well within the reach of everyone. A good time is assured those who will be present.

## CONLIN'S CIDER HAD BEES IN IT

Mr. Francis Cully, who had been indulging, told Chief Wood—It had "kick"—Alan Judging From Remarks—A Hot Time on John Street.

"Gosh, but that sweet cider certainly had a lot of bees in it," remarked Francis Cully of West Hurley and Kingston, in confidential tones to Chief of Police Wood Monday afternoon while "enjoying" a ride in the police car to the lockup after being placed under arrest by Policemen Camp. And it also had a "kick," judging from the fact that three imbibers were lined up before the bar of justice in police court this morning.

**Cully Painted Interior.**

"I came to Kingston Monday afternoon after some paint to paint my house in West Hurley," Cully contended to Judge Schrick when asked what brought him to town that day. Later he said he lived at 146 Hunter street, but after he was through relating just where his residence was the court remarked that he must have used the paint for interior purposes only.

"Oh, I picked the paint out," said Cully, "but I just came to see if they had it in the stores here."

Cully was first brought to the attention of the police department when they received a complaint from Jack Cullin, who has a refreshment resort on John street, a few doors down from Wall street. Cully was making a disturbance in the place and Officer Camp removed him and ordered him to go home. Cully, however, preferred John street, and made such a nuisance of himself that Officer Camp finally placed him under arrest on a charge of disorderly conduct.

This morning Judge Schrick gave Cully a chance to return home with a warning that the next time would mean a jail sentence.

**Two Others Sampled Cider.**

Ed Smith and Harry DeWitt, both negroes, residing downtown, were also arrested that afternoon after they had sampled some of the cider "with bees in it." Both were arrested on a charge of disorderly conduct.

Smith pleaded guilty, and said he had drunk some cider in Jack's place.

"Where did you get that eye?" asked the court.

"Somebody shoved me into the peanut machine in Jack's place and I got the cut over my eye," explained Smith, who said that he had not been arrested in six years.

It developed that he was the father of "Buster" Smith, the young colored boy who was committed to Randall's Island by Judge Schrick on Monday.

**Working at Shandaken.**

Smith said he was working at the Shandaken tunnel, and received \$2.50 a day when he worked.

"Are you married?" asked Judge Schrick.

"Very much so," replied Smith. He added that he was the father of eight children.

From his story several negroes engaged a man to bring them to Kingston in an automobile for which he received \$2 a head from each of the party.

**Met Son in Jail.**

Asked by the court as to why he was not present in court Monday when his son's trial occurred he replied that the first he knew his son was in trouble was when he met him in the county jail after he, the father, had been arrested.

He claimed that the trouble was "pushed on him" as he did not want to stop at Conlin's that afternoon when they reached town the driver and the others in the car persisted in stopping them.

Judge Schrick imposed a fine of \$5 and suspended the payment of the fine pending good behavior informing Smith that it was on account of the children who needed the money more than the city that he was taking that action, but warning Smith that he need expect no leniency if caught before him again.

**DeWitt's Memory Was Poor.**

Harry DeWitt, the other negro arrested, resides on Murray street, and has two children. His wife was dead, he informed the court. He said he was not guilty of disorderly conduct, and a hearing was held.

From the evidence of Patrol Driver Sime Wood the negro, when arrested was using vile and profane language in front of Conlin's place, and when arrested was standing on the running board of an auto shaking his fist and swearing at the driver of the car.

He was under the impression that he had been arrested in Jack's place, and could not remember seeing

Chief Wood that afternoon although the chief was with Sime Wood when the latter placed DeWitt under arrest.

He received the same treatment as Smith from the court and also the same warning.

None of the trio were charged with public intoxication, but all three confessed that the cider had proven a little too much for them.

**Recent Deaths and Funerals of Persons in This Vicinity.**

There will be an anniversary Mass tomorrow at 8:15 at St. Mary's Church for the late Michael J. Lenth.

Frederick C. Couse died Monday. The funeral will be held from his late residence Thursday afternoon, March 24, at 1 o'clock. Interment in East Park, N. Y.

The funeral of Mrs. H. S. Jervell who died at her home on Elm street, Saugerties, on Wednesday was held on Saturday afternoon, the Rev. Thomas Sherwood of the Baptist Church officiated. Interment was in Mountain View cemetery.

The funeral of Anna Durham Mohrwood, who died in New York Sunday, March 20th, following a short illness, was held today on the arrival of the 2:15 West Shore train. Interment in St. Mary's cemetery. The deceased was a sister of John Durham, of 108 Broadway, this city.

Mrs. William E. Lewis who had been ill for several weeks suffering from heart trouble and dropsy died at her home in Malden, town of Saugerties, on Saturday, March 19, aged forty-eight years. She is survived by her husband, two daughters and one son. The funeral will be held in the Malden M. E. Church on Wednesday afternoon at 2:30. Interment will be in Mountain View cemetery.

Isadora C. wife of Ezra Spencer, the baker at 410 Washington avenue, died this morning at her residence, 406 Washington avenue. Besides her husband she is survived by two daughters, Mary and Mabel, if this city, and one grandson, Ezra Yerkes, in the U. S. navy and stationed at Portsmouth, N. H. The funeral will be held from the late residence Thursday afternoon at 2:30 o'clock with interment in Wiltwyck cemetery.

The funeral of Private Arthur F. Gill, who died while serving in France in Company I, 107th Infantry, Sept. 23, 1918, took place Monday afternoon. The services were held at the home of his mother, Mrs. Paul Radez, 45 Second avenue, and were largely attended. The Rev. A. Schmidt officiated. In his address he referred to the great sacrifice of lives at the bloody world war and said: The young man whose body arrived home is only one of the thousands of our brave boys who made the supreme sacrifice of life, and his bereaved mother is only one of the thousands of mothers who mourn their dead soldier boys. I hope and pray to God, that when the warring nations start war again, our country will not be in it again. That the madmen over there are bent to start war again—that the fury of hate and revenge and greed is sowing at present the seed of war—is to set the smoking ruins of Europe again in a new blaze that can only be extinguished by new streams of blood, is much too likely. When this dreadful catastrophe comes then let them reap what they sow now—then let them fight their battles themselves. It is indeed a great comfort for the mother of our dead soldier to have him buried at home, to know him sleeping in his own country and not in the blood soaked soil of France. Arthur in his letters to his mother often expressed the sincere hope to come home again. His body has come home. His grave will be with us and will be adorned with flowers and the Old Glory under which he served and died, but his spirit has gone home to a better home—to the heavenly home, where home-sickness is cured forever. The bearers were John McElville, Joseph Hughes, Leo Gregory, Milton Decker, John Bourke and Francis Noonan, all members of the Central Athletic Club. The American Legion was represented by a guard of honor composed of eight men of Company M, with Chris McElbert in command. Interment was in Montrose cemetery where the squad fired a volley and taps were sounded by Bugler John Bothe.

In his address he referred to the great sacrifice of lives at the bloody world war and said: The young man whose body arrived home is only one of the thousands of our brave boys who made the supreme sacrifice of life, and his bereaved mother is only one of the thousands of mothers who mourn their dead soldier boys. I hope and pray to God, that when the warring nations start war again, our country will not be in it again. That the madmen over there are bent to start war again—that the fury of hate and revenge and greed is sowing at present the seed of war—is to set the smoking ruins of Europe again in a new blaze that can only be extinguished by new streams of blood, is much too likely. When this dreadful catastrophe comes then let them reap what they sow now—then let them fight their battles themselves. It is indeed a great comfort for the mother of our dead soldier to have him buried at home, to know him sleeping in his own country and not in the blood soaked soil of France. Arthur in his letters to his mother often expressed the sincere hope to come home again. His body has come home. His grave will be with us and will be adorned with flowers and the Old Glory under which he served and died, but his spirit has gone home to a better home—to the heavenly home, where home-sickness is cured forever. The bearers were John McElville, Joseph Hughes, Leo Gregory, Milton Decker, John Bourke and Francis Noonan, all members of the Central Athletic Club. The American Legion was represented by a guard of honor composed of eight men of Company M, with Chris McElbert in command. Interment was in Montrose cemetery where the squad fired a volley and taps were sounded by Bugler John Bothe.

## FINANCIAL AND COMMERCIAL

**By Telegram to The Freeman.**

New York, March 22.—The stock market continued under pressure at the opening today but after initial declines the list turned strong and nearly all the leading issues were recovered. Steel Common first sold off to 84 1/2, and then rallied to 85 1/2. Crucible yielded 1 point to 87, with a rally soon after to 87 1/2. Vanadium was weak, dropping 1 1/2 to 27 1/2. General Asphalt rose 1 1/2 to 62 and Endicott Johnson made an equal gain to 64 1/2. Atlantic Gulf rose 1 point from the low to above 34. The motor stocks again were in demand. Studebaker selling above 70 and Pierce Arrow rose nearly 1 point to 22 1/2. Mexican Petroleum, after yielding 1/2 to 144, rallied to 144 1/2. New Haven was weakest of the rails, selling down to 12.

The market presented about the same firm conditions that prevailed in yesterday's trading the tone being strong, but many stocks were in supply. The important changes of the first hour were to higher prices. Atlantic Gulf was the most prominent feature, advancing over 3 points to 36 on aggressive buying and the impression became more pronounced that the Standard Oil interests recently had become identified with market operations in this stock. United States Steel showed a firm tone and after falling 1/2 to 89, moved up to 89 1/2. Baldwin Locomotive was actively traded, rising from 84 1/2 to 87 1/2. Studebaker was actively traded in from 69 1/2 to 70 1/2 but showed little change. Vanadium was heavy, selling at 27 1/2, a loss of 1 1/2. Mexican Petroleum ranged from 62 1/2 to 64 1/2.

There was another change in the market mood again in the afternoon when buying orders came from many sources, causing vigorous advances. Atlantic Gulf rose four points to 36 1/2. Steel Common rallied from 80 to 86 1/2 and Crucible rose from 86 1/2 to 88 1/2. Mexican Petroleum moved up over 5 points to 146 and California Petroleum made a gain of two points to 42 1/2. Vanadium Steel rallied from 27 to 28 1/2.

The market closed strong today; government bonds unchanged; railroads and other bonds steady.

## HARNESS CHILL'S WATERFALL

Company of Capitalists Get Franchise From Government to Develop Power Resources.

## SEEK TO RECOVER OIL NOW WASTED

Bureau of Mines Survey in California Shows 2,359,100 Barrels Could Be Saved.

San Diego, Calif.—Vast natural water-power resources in the central provinces of Chile are to be put to use to generate electricity for Santiago, Valparaiso and neighboring cities and towns.

A company, capitalized at \$2,500,000, has been formed for the purpose and work already has been started on a hydro-electric plant on the Colorado river, near Santiago, where it is expected 18,000 horsepower can be developed. The project is backed largely by Chilean capital.

Plans for the promotion of the company was the need of more power by both the Valparaiso and Santiago street railways and by mining and industrial enterprises. Until recently no water-power concessions in Chile were granted for more than 35 years, but the latest concessions are said to be perpetual.

Washington—The great demand for petroleum, resulting chiefly from the increase of oil-burning devices and motor-driven vehicles, forces producers to take advantage of every opportunity to increase its production by seeking new sources of supply, and what is more important, to use new methods for saving more of the oil brought to the surface than has been retained heretofore. As in other kinds of mining, it is thought possible that a large additional recovery can be obtained at a profit by working over the wastes in certain fields and by using more economical methods of production in the future, says A. R. Elliott, assistant petroleum engineer, bureau of mines.

A survey of the oil districts of California was made by the bureau in order to ascertain whether the visible masses of wasted oil-bearing sands would be a profitable source of supply. From the data collected it is estimated that 2,359,100 barrels of oil valued at more than \$5,500,000, could be obtained from the sandpiles about producing wells and from the outcroppings in the vicinity of the fields. Also, many times that amount of oil scattered over nearly the total oil-producing area might be recovered from seepage.

Wanted Through Seepage. A paper issued by the bureau of mines in 1914 said: "It is probable that 10 or 15 per cent of the total gross production of the state has been wasted through seepage or evaporation." This represents a loss of 15,000,000 barrels of oil yearly. Probably one-quarter to one-half of this amount seeps into the ground.

As a possible means of recovering a large amount of oil from these wastes, the following should be considered, says Mr. Elliott: (1) Recovering oil left in the sand that it produced with the oil; (2) reclaiming the oil that seeps into the ground through waste in production; and (3) mining and treating the material in oil-bearing outcrops and asphalt beds that occur in certain sections of the state.

In the early days of a productive field, the rush of gas into a new well frequently sucks oil and sand with it in large quantities. Oftentimes adequate means of holding in the well are not available, and the oil is permitted to flow "wild" until the gas pressure diminishes enough to enable controlling the well. This may require days or even months, says Mr. Elliott. There being no commercial use for this oil-saturated sand, it is removed from the immediate vicinity of the well or otherwise disposed of as valueless.

Throughout many of the oil districts of California, particularly in the San Joaquin valley, a noticeable feature is the large cone-shaped mounds near each of the wells where sand is produced with the oil.

Sand Runs With Oil. In wells where the sand is loose and fine-grained and agitated by a high gas pressure, naturally a greater amount rises to the surface with the oil. In the Sunset field, wells with high gas pressure have produced more than 6,000 tons of sand in two to four years, representing nearly two-thirds of their gross production. In the Midway field there is a well producing about 500 tons a month and wells near it with an output nearly as large. In the Kern River and West Side Coaling fields the oil is of heavy gravity and, with the aid of an agitator such as air, large amounts of sand are lifted to the surface. Each well yields ten to twenty-five barrels of oil daily; the proportion of sand carried with it varies between 20 and 60 per cent, and probably averages 40 per cent of the gross production. The amount of sand per well, because of the small oil production, is small, but owing to the great number of wells in these districts the aggregate amount is large.

Where wells produce only a small amount of sand the so-called sand boxes are frequently used. The sand box is a long, narrow, open trough closed at the ends and fitted with baffles running crosswise to the flow. The oil flows slowly over the sharp baffles, the sand and emulsion settle to the bottom of the box and are checked out as often as necessary.

Also in the districts that produce heavy gravity oils, a convenient way of separating the sand and oil is to permit the oil to flow through long open ditches to reservoirs, where the free oil is recovered by a certain pump. Evidently, great quantities of oil can be saved through seepage along the ditches and around the reservoirs. If some accurate method could be used to measure the amount of oil that runs down the well with the emulsion, it might be recovered, the difference would be comparatively large. It is reported that the loss between the well and the sand storage tank of one large producing company is approximately 500,000 barrels a month. Other companies report a proportionately smaller loss.

## LADIES' GYM CLASS ATHLETIC MEET

For some time the members of the ladies' gym class at the Y. M. C. A. have been training for the first ladies' athletic meet to be held in this city. This indoor meet will be held in the Y. M. C. A. on Tuesday evening for the members of the class. About thirty have entered and some interesting competition and records are expected. The events of the evening will be the running high jump, the standing broad jump, forty yard potato race, and basket ball throw for distance. Points will be awarded for each record made, whether poor or good and to the young lady securing the highest number of points in this way, a silver medal will be presented. Other prizes consisting of ribbons will be presented to first, second and third places in each event. Also special ribbons will be presented to the five best all round athletes. While this event is not open to the general public all the women and girls of Kingston are invited to attend and witness the endeavors of these fair athletes. The athletic events will start at 7:30 on Tuesday evening.

## CONTRACT PAPER HIGHER

That is Why Cost of Newspapers is Not Reduced.

By Telegraph to The Freeman. Louisville, Ky., March 22.—Merchants' visions of lower newspaper advertising grew dimmer today following an announcement by officers and directors of the National Association of Newspaper Executives in session here, that financial disaster to newspapers would follow any reduction in the price of advertising. "It is true that the spot market price of paper has dropped from 12 cents a pound to 7 cents," said Charles Miller of Atlanta, Ga., president of the association. "However, publishers buy their paper on contract. Last year they were paying four cents but now they are paying 6 1/2. Then, too, freight rates are higher and there have been no reductions in the wage scales of union men. Consequently lower rates are out of the question."

## TRUST COMPANY'S ANNUAL DINNER

Local Bank Holds First Annual Affair At Wilby's Inn Monday Evening—Fine Menu, Excellent Singing And Music, And Some Witty Addresses.

The first annual dinner of the directors and employees of the Kingston Trust Company was held Monday evening in the banquet hall of Wilby's Inn on Main Street, and was a decided success. Every one knows that the average banking man is a fine fellow, but it is not until you get them together around the banquet board with Frank R. Powley, one of the board of directors, to lead the singing, that you realize that they are jolly good fellows as well.

A committee had been appointed to make arrangements for the first annual affair, and this committee had spared no effort to make it the success it turned out to be. The tables were tastefully and artistically decorated with carnations in burgundy white at each place lay a card of invitation as a favor. The menu cards were attractively gotten up, and a fine example of the printer's art.

Curt Shurter's orchestra furnished music throughout the evening and for the community singing in charge of Mr. Powley. It developed during the evening that the boys all had an ear for music after the career of business had been dropped to one side, and Frank Finley of the Main Street bank sang several baritone solos in fine voice. It might be mentioned also that at the speakers' table the singing was led by C. S. Treadwell.

During the serving of the dinner Lou Merilatt of the Pennington Studio interrupted the festivities long enough to take a flash light of the banquet.

Philip Elting, a member of the board of directors, presided as toastmaster, and the principal address of the evening was delivered by Walter B. Matteson, manager of the securities department of the Federal Reserve Bank of New York. Newton D. Alling, assistant cashier of the Irving National Bank of New York was also scheduled for an address on banking affairs. Toastmaster Elting did not overlook the oratory among the directors and employees, and all called upon responded briefly.

The following fine menu was served:

Lodger Balances on Half Shell  
Toasted Overdarts  
Miscellaneous Items  
Red Ink Dough Sticks  
Roast Turkey a la Main Office  
Treadwell Beans Scalloped Items  
Cranberry Sherbet Holdouts  
Salad a la Branch  
Cheese Straws on Demand  
Ice Cream from Interest Department  
Cake from Checking Department  
Coffee Nuts  
Candy

The officers are: William J. Turk, president; Philip Elting, vice-president; A. A. Davis, secretary and treasurer; Gordon A. Craig, assistant treasurer; Ernest LeFever, assistant treasurer; James Jenkins, counsel.

The directors are: William J. Turk, Kingston, N. Y.; Holly R. Cantline, Saugerties, N. Y.; James Jenkins, Kingston, N. Y.; C. W. Walton, Kingston, N. Y.; Wilson Ingalls, Kingston, N. ## "THE STREAM OF LIFE."

Picture Drama Given Under Auspices of a Sunday School.

The famous religious photo-drama, "The Stream of Life," which has attracted attention in all cities where it has been produced, will be given at the Kingston Opera House on Wednesday afternoon and evening under the auspices of the Sunday school of the Clinton Avenue M. E. Church, in conjunction with Manager George C. Gildersleeve.

The picture is particularly appropriate to the observation of Holy Week and in its six reels presents a masterful picture of the life and triumphs of a successful man who leaves the farm for the lure of fame and fortune of the great city. An idea of its popularity may be gained from the fact that its premier showing was at the Rialto Theatre, New York City, and later for six consecutive weeks it was shown at Ocean Grove, N. J. George McManus, the famous cartoonist, says if we had more pictures like it, the churches and the morning picture houses would both be filled, while the New York Morning Tribune says no matter what one's faith or belief may be, he can't fail to be impressed with the picture.

The picture will be shown at 2:30 o'clock in the afternoon, and at seven and nine o'clock in the evening. The charges are: Dr. J. K. Shields and the special musical arrangement to accompany the picture is by Prof. Carl M. Roder of Carnegie Hall, New York City.

And Tomorrow.  
Jed Tuckler says he can't understand why some people think it's any kind of a wonder to explain to a man that his troubles are his own fault.

## HIGH SCHOOL NEWS NOTES

Monday afternoon there were two games of basketball staged by the teams of the Inter-class League. Both games were put on by the boys' class teams. The first game was between the Sophomores and Juniors and was won by the Sophomores. This game was close and exciting most of the time but the second year men proved to be too fast for the men of '22. The final score was 11-14. The summary:

Juniors.	FB.	FP.	TP.
Schryver, rt.	1	3	3

Referee, McAndrew. Scorer, Vogt. Timer, R. Corregan. Score at half time: Juniors, 7; Sophes, 7.

In the second game the Seniors humiliated the Freshmen to the tune of 24-16. This is the biggest score that has been rolled up in any of the inter-class league games this year. In the first half, the first year men put up a strong fight and the score stood 5-5 at the end of half time. But in the second period, the Seniors hit their stride and threw the ball in for twenty-six points while the Freshmen were getting another eight.

Connolly and DePuy distinguished themselves by star scoring. The summary:

Seniors.	FB.	FP.	TP.
Hiller, lf.	2	0	4
Connolly, lf. & c.	5	0	10

On Friday evening April 1, the senior class of the Kingston High School will hold another one of their famous dances in the high school gymnasium. The class has been a very active one this year and has tried to do things which were pleasant for the entire student body as well as their own individual class.

This dance promises to be something unusual in its attractiveness. The members of the class are not sparing anything in order to make the affair a success both socially and financially. A most enterprising committee on social doings is at the head of the arrangements for the dance and all they need is a little co-operation.

The dance comes during the Easter vacation and it is expected that a large number of the alumni will be there.

Balf's full orchestra has been engaged to furnish the music which is enough to insure a good time.

All members of the Kingston High School, Kingston Academy and Ulster Academy alumni are cordially invited to come to the dance and meet the present members of the high school student body, as well as their former classmates. Tickets may be secured from the members of the senior class at any time or if you can't get a ticket beforehand they will be on sale at the door that evening.

## AT THE THEATERS.

Dorothy Gish at Keene's—"The Great Lover" at K. O. H.

Dorothy Gish in "Little Miss Rebellion" is the attraction at Keene's tonight. This is the story of a little grand duchess in some European principality who is weighted down by the responsibilities of her royal state, but who meets a real American doughboy and finds the whole course of her life changed, for the better, of course. Also programmed at St. John is "Toobles." Tomorrow Viola Dana in "Blackmail."

Wednesday "The Stream of Life," a religious motion picture, at the Opera House that should be seen by every man, woman and child in Kingston, is highly endorsed by every church organization as well as men holding the highest offices in our public life.

"The Great Lover," by Leo Dittichstein and Frederick and Fanny Hatten at the Opera House tonight. "While the Devil Laughs" and charming Louise Lovely meets him, at the Auditorium tonight. Texas Guinan in "The Moonshine Fool" is also featured. Tomorrow Ethel Lincoln in "The Flaming Disc."

## BIG INDIAN.

Big Indian, March 21.—The Ladies Aid Society will meet Thursday, March 24, with Mrs. O. J. Molyneux, Mrs. William Garrison in visiting.

Friends in this place want to Dr. Schaller's Sanitarium Sunday where shall undergo an operation for appendicitis.

A number of people from this place attended the party at the home of Mrs. John Van of Otisville on Friday evening.

Wm. Wilfred Garrison was a guest of Mrs. Fredrick Eggers over the week end.

An Easter party will be held at Mrs. J. H. Hall's Saturday night, March 26. Proceeds for benefit of the church. Everybody is cordially invited to be present.
